## The frieling feeling™

The heart and soul of **the frieling feeling™** is building relationships. For more than two decades we have closely listened to you, our friends and customers, to understand your needs and offer you the best solution for your specific requirements. Speaking of relationships, we're pleased to bring you two new exclusive brands:

**ADE** scales combine handsome design, precision engineering and affordable pricing. These are the most innovative kitchen and bathroom scales on the market.

For 125 years, **Zenker** has been manufacturing superior quality bakeware in Germany. We're offering a full range of styles and materials including cost-conscious tin-plate, non-stick and extra sturdy enamel. Don't miss our *Layer Cake Slicing Kit* on page 34.

We are fortunate to have earned not only the trust of our customers in North America and abroad, but also to have nurtured long standing relationships with some of Europe's best manufacturers, in addition to our own collection. From Germany: **Emsa, Zassenhaus, and Cilio**. From France: **Sitram**. From Great Britain: **Victorian Baking Ovens**. From Switzerland: **Durgol**. Thanks to these strong alliances, Frieling's fresh solutions™ will be there for you – backed by innovation, durability and timeless appeal at affordable prices.

We were told it couldn't be done. This inspired us even more to solve an unsolved problem, to push the leading edge of product development. Today, the **MILKchiller™** is fast becoming the new Gold Standard in Coffee Cream Service everywhere. Be a part of it!

We're passionate about finding new, high quality, innovative products at great prices – our definition of **fresh solutions™**. You can view our products online at [www.frieling.com](http://www.frieling.com). We welcome your phone calls and comments, because at the end of the day, it's not only about a product or a solution to a problem. It's about people.

It's about you.

## Customers who have the frieling feeling™

*“Frieling has always offered new and different products to the US Foodservice industry. Their blend of imported European designs and proprietary manufactured products are fresh, high quality and the result of thoughtful testing. The variety of innovative and interesting European products is among the best in the US.”*

**Don Brandt, Merchandise Manager - Catering/Foodservice  
Hubert Company**

*“Previn numbers among its clients the finest chefs and restaurants in the country. And we all know that the best demand the best, both in terms of products and service. That’s why we turn to Frieling! Not only are their products tops, but their service is over-the-top... personalized as well as professional. They make us happy by helping us make our customers happy.”*

**Helen London, President  
Previn Incorporated**

*“In this day and time, it is a rare occasion when one can find a supplier that gives such outstanding service, value, and quality of product that there never is a question about who you are going to call. Frieling is such a supplier. I have used them for years and can safely say: I have always had my needs and expectations more than fulfilled both by their staff and by the great line of products they carry.”*

## Our Exclusive Brands

Emsa was founded in Germany 61 years ago. Time flies; Frieling has been Emsa's exclusive distributor for 21 years. Emsa's wide product range revolves around the motto "the beauty of plastic is its versatility".

Cilio and Frieling have been partners for 17 years. This fine German brand is headquartered in the famous steel town of Solingen and is well known for its high quality tabletop and serving accessories.

ZASSENHAUS

Zassenhaus was founded over 140 years ago, specializing in grinders ever since. The vast experience and technical know how brings you the best of the best in spice mills! Zassenhaus is a name you can trust.

For 60 years, Düring AG, the Swiss maker of Durgol®, has specialized in decalcification. The assortment boasts various highly effective, yet gentle decalcifiers for any and all appliance brands.

Sitram France has produced professional grade cookware for over 40 years. Frieling supplies Sitram to the best hotels and restaurants in the country. Professional chefs appreciate its highest quality.

Since 1980, Victorian Baking Ovens of Great Britain has been a specialist manufacturer for potato ovens and countertop appliances. With their Soupercans™, liquid foods have found an attractive home for maximum sales impact.

Frieling's strategic alliance with Zenker brings you 125 years of bakeware experience. To this day, every Zenker product is made in Germany; *German quality without the German price™*.

For over half a century, ADE Waagen-Schmitt Germany has been producing scales for industrial applications, health care, trade, food service, and now also kitchen, bath and travel. ADE – *the only weigh to measure™*.

## The Ultimate Solution for Coffee Stations Cools and Dispenses Coffee Cream

If you serve coffee,  
you need a MILKchiller™

NSF20 Certified

### Innovative Concept

Cools and dispenses milk and cream *anywhere coffee is served.*

### Increase Your Profitability

The MILKchiller™ provides a quick return on investment.

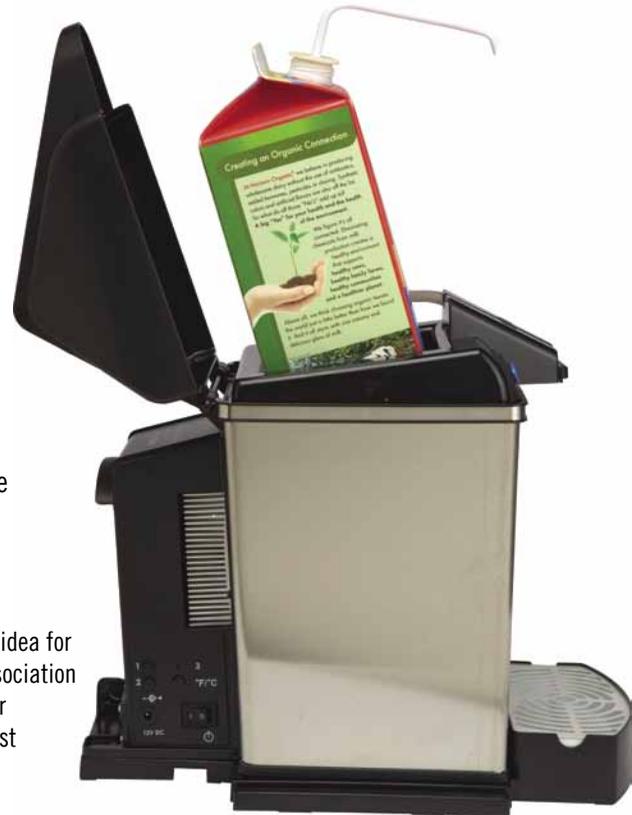

### Easy to Use

Dispenses as little or as much as you like  
with a simple push of the button.

### Fast and Efficient

Insert disposable dispensing tube in ½ gallon dairy carton or refillable  
container, drop assembly into cooling chamber, connect the air hose  
and close the lid. That's all!

After years of witnessing the lack of sanitary and effective dairy service, the idea for the MILKchiller™ was born. As a former President of the Food & Beverage Association of America (FBAA) and Hotel General Manager, Bernard Schnacke, co-founder and President of Frieling, is fully aware of the importance of maximizing guest satisfaction despite budget constraints and sanitary requirements.

## The New Gold Standard for Serving Coffee Cream

Efficient Convenience Store Setting

### Cost Savings

- No waste, no pilferage
- Average savings of at least 50% over other systems
- Let us show you what you could save, day after day, based on your usage!

How much will you save, and how soon? To calculate how fast your MILKchiller pays for itself, call us!

### Food Safety

- Dairy is constantly kept at a safe 41°F or below
- Contamination is impossible: no direct contact with milk inside
- Undispensed milk inside tube instantly flows back into the container for continued cooling

Contemporary Coffee Shop Appearance

### Food Laws

- Many U.S. states prohibit refilling milk out of original packaging: 15 A NCAC 18A3263 MILK AND MILK PRODUCTS states “The mixing of cream and milk or the pouring of either into jars, bottles or other containers for storage is prohibited.”

### Convenience

- Insert a fresh container in mere seconds
- Easy & quick to clean (no disassembly – no lost parts)
- No need for constant temperature monitoring
- LCD display blinks “LOW” when almost empty

Ensure Food Safety 24/7

Fine Dining Atmosphere

### Design

- Compact size – maximizes valuable counter space (smallest dairy dispenser on the market)
- Portable – even outdoors
- Base can be secured to any surface for maximum stability and to prevent theft

### Go Green!

- Uses existing recyclable ½ gallon cartons or our refillable plastic containers
- Eliminates plastic waste of single serve creamers
- Low energy consumption (comparable to a household light bulb)
- Superior thermal insulation offers improved cooling efficiency

## ANNUAL SAVINGS / CASE STUDIES

The above savings are too substantial to be ignored, as the following case studies confirm:

If you use just 3 gallons Half & Half per day

... compared to single serve units (2.5 cases):

- You save **\$8,877 per year** with our refillable containers
- You save **\$5,658 per year** with ½ gallon cartons

... compared to bag-in-box:

- You save **\$6,986 per year** with our refillable containers
- You save **\$3,767 per year** with ½ gallon milk cartons

If you use just 1 gallon Whole Milk per day

... compared to single serve units:

- You save **\$3,759 per year** with our refillable containers
- You save **\$3,631 per year** with ½ gallon cartons

Can you think of a simpler way to save this much money year after year, hassle free? And that's not all: You can reap similar savings on your Fat Free Milk, Low Fat Milk, etc.

Fully or semiautomatic machines, manual machines, even filter machines, electric water or tea kettles.

**0292** Durgol swiss espresso®  
2.64 gallon. Includes easy-pour nozzle.  
Ideal for ALL commercial espresso machines

**0291** Durgol swiss espresso®  
2 x 4.2 fl. oz.

*"Durgol is one of our best selling products! To date, we never had a consumer complain about its effectiveness in espresso machines. We actually recommend Durgol for descaling those very delicate espresso machines which many of our customers own."*

**Diane Abramo, Sales Manager**  
1st-line Equipment, LLC

*"Frieling's swiss espresso® is essential in keeping today's semiautomatic and superautomatic espresso machines operating smoothly. We not only recommend this product, our repair department has used this excellent decalcifier for years and our customers receive a free year's supply with their espresso machine purchase. This stuff is dynamite! Trust us, it really works."*

**Mike and Carol Hanika, Owners**  
Appliance Sales and Service/The Gourmet Depot

### Why choose DURGOL swiss espresso®? See how it compares:

Lab Test	Vinegar	Citric Acid Descalers	swiss espresso®
 calcium cube at 100% before decalcification	 After 7 hours in vinegar: no visible removal	 After 7 hours in citric acid: some reduction	 After 7 hours in swiss espresso maximum lime elimination
<b>Gentleness &amp; Effectiveness</b>	Acetic acid can damage plastic parts within the machine.	Lime and citric acid not fully removed during decalcification can clog tubes and valves.	Will not damage parts or leave residues that clog the machine. Provides efficient corrosion protection.

- ✓ Safe for all brands
- ✓ Easy to use
- ✓ 10 times faster

## DURGOL EXPRESS® UNIVERSAL

## BREWING ACCESSORIES

### COFFEE FILTER HOLDER

- ✓ Brew smart and fresh when only small quantities are needed
- ✓ Upgrade your coffee service by brewing the old fashioned way
- ✓ Made of fire-proof hard porcelain

How to brew: Rinse filter holder with hot water. Set atop coffee pot, insulated server or mug. Place a permanent or paper filter inside holder. Add ground coffee (medium to fine grind). Per cup (5 fl. oz. / 150 ml) use 0.3 oz. / 8 g freshly ground coffee. In a separate vessel, pre-measure water and heat to approx. 200° F (just below full boil). Starting in the center, pour a small amount of water in a circular motion over the ground coffee until the surface is wet. Wait for a half minute to let the coffee “bloom”, then slowly add the remaining hot water. Total brew time should be between 2½ up to 3 minutes.

- C105162** Filter Holder #2, yields approx. 2 – 6 cups  
**C104943** Filter Holder #4, yields approx. 6 – 12 cups  
**C105179** Filter Holder #6, yields approx. 12 – 18 cups

### PERMANENT COFFEE FILTERS

High quality 18/10 stainless steel foil coated with gold tone. The foil features micro-etched openings to allow the flavor carriers (colloids) to pass through while holding back all solids. Easy to clean, no residue build-up, and no waste. Each Gold Filter comes with a fold-down handle. Solid horizontal line serves as convenient “maximum fill line”.

- G2010** Gold Filter #2 fits all coffee machines that use a #2 cone filter (up to 6 cups). It also fits our #2 Porcelain Filter Holder above.  
**G2011** Gold Filter #4 fits all coffee machines that use a #4 cone filter (up to 12 cups). It also fits our #4 Porcelain Filter Holder above.

### TEA INFUSERS with LID/DRIP TRAY

Made of micro-etched 18/8 stainless steel. Includes cover to keep tea hot during steeping; reverse lid to serve as drip tray after steeping.

- G2001** 3” tall, fits mugs and teapots with an opening diameter of 2½ - 3¼”  
**G2002** 3¾” tall, fits mugs and teapots with an opening diameter of 2⅓ - 3¼”

## BROTFORMS

### Proofing or Serving Baskets

A “Brotform” dough rising basket gives your bread:

- Crunchy crust
- Improved texture
- Ribbed, floury décor
- Better rise
- Uniform shape

Complements your bread serving, fitting any theme from rustic to contemporary.

European country breads and traditional hearth loaves are easy to make:

Simply flour the Brotform and place the kneaded dough in the basket for final rise. Once it has risen sufficiently, transfer the loaf onto a baking sheet to bake. After use, simply tap out any excess flour. You can also brush out the flour with a dry, soft brush. Made of natural cane and hand woven, following a century-old tradition. For deep cleaning, you may hand wash or occasionally put in dishwasher.

Item	Shape	Size	Yield	Item	Shape	Size	Yield
3000	Round	7"	½ lb. loaf or 1–2 cups flour	3004	Oval	10" x 7"	1 lb. loaf or 2–3 cups flour
3001	Round	8"	1 lb. loaf or 2–3 cups flour	3005	Rectangle	12" x 5½"	2 lb. loaf or 4–5 cups flour
3002	Round	10"	2 lb. loaf or 4–5 cups flour	3006	Rectangle	15" x 5½"	3 lb. loaf or 7–8 cups flour
3003	Round	11"	3 - 4 lb. loaf or 7–8 cups flour	3007	Baguette	17" x 4"	½ lb. loaf or 1–2 cups flour
